

## **LEADING COSMETIC SURGEON, DR. STEPHEN GREENBERG, INTRODUCES HIS ULTIMATE ANTI-AGING SKIN CARE LINE - *COSMETIC SURGEON IN A JAR***

**NEW YORK, NY (December 2007)** — Board certified New York plastic surgeon Dr. Stephen T. Greenberg announced today the national launch of his ultimate anti-aging skin care line, *Cosmetic Surgeon in a Jar*. This antidote to aging that will have the beauty industry buzzing brings the benefits of a plastic surgeon right into the comfort of your own home.

This revolutionary skin care line employs the newest and most established state-of-the-art ingredients offered in the industry at highly potent levels to achieve maximum efficacy. Unlike other anti-aging lines on the market which contain vitamins that oxidize long before application, all products in *Cosmetic Surgeon in a Jar* have the common ingredients of "stabilized" Vitamins A, C and E; This stability assures that the customer is getting a truly "active" form delivered right to their skin for maximum benefits. Chock full of antioxidants, humectants, organic oils, emulsifiers and peptides, each product promotes ultimate skin health and helps to reduce the signs of aging.

"I am very proud to be launching my own anti-aging skincare line as an amazing alternative to cosmetic surgery," says Dr. Greenberg. "I wanted everyone, not just my own patients, to have all the benefits of plastic surgery. After researching the best and newest ingredients and working closely with some of the top laboratories in the country, *Cosmetic Surgeon in a Jar* is going to help people look their best and dramatically improve their overall appearance."

*Cosmetic Surgeon in a Jar* consists of six ground breaking products designed to reduce the appearance of fine lines and wrinkles, brighten, firm and rejuvenate skin, increase blood circulation and enhance elasticity; Ultimate Skin Exfoliator, Triple-Action Eye Serum, PH Balanced Toner, Firming & Tightening Cream, Antioxidant Cleanser and Brightening Complexion Cream.
